About Edge Electronics, Inc.

Edge was founded in 1990. Over the years, we have evolved from a small electronic components distributor, to a broadline authorized distributor of electronic components, LCD solutions, digital signage, and embedded computing products.

We are established, but flexible; the perfect combination for us to get creative to make your job easy. **Now, with access to a huge array of industrial supplies, Edge will work to help you exceed your goals through the Grainger Distributor Alliance Program.**

We look forward to hearing what we can do to give you an **edge**.
